

Beyond Camp: Around the World August 10-14

What is it like in other parts of the world? Spend the week with us, and you will find out! Campers will spend the week learning about different cultures and the holidays they celebrate, learn new international recipes, and even spend some time chatting with some of our Girl Scouts friends that are from other countries. Through this alternative camping experience girls will also experience the traditions of camp, make new camp friendships through a variety of virtual programs, do fun activities in their own backyard, and participate in our weekly Inside Outside Campout. Each girl will complete several components of badge work, getting them closer to completing their badge goal.

Younger Girls (D/B/J)

	Monday	Tuesday	Wednesday	Thursday	Friday
