

## **Beyond Camp: Chase the Rainbow July 6-10**

Put your creativity to the test and join us for a week of colorful fun. You will complete many colorful crafts, do some fun colorful science experiments and compete in a friendly rainbow challenge with your fellow campers. Through this alternative camping experience girls will also experience the traditions of camp, make new camp friendships through a variety of virtual programs, do fun activities in their own backyard, and participate in our weekly Inside Outside Campout. Each girl will complete several components of badge work, getting them closer to completing their badge goal.

### **Younger Girls (D/B/J)**
