

## Beyond Camp: Master Chef July 27-31

Put your cooking skills to the test and become a Master Chef during this week of cooking fun. You will spend the week doing fun activities with food, learn new recipes, and compete in our very own Master Chef: Girl Scout Edition competition. Through this alternative camping experience girls will also experience the traditions of camp, make new camp friendships through a variety of virtual programs, do fun activities in their own backyard, and participate in our weekly Inside Outside Campout. Each girl will complete several components of badge work, getting them closer to completing their badge goal.

### Younger Girls (D/B/J)
