

Beyond Camp: Outdoor Skills July 20-24

Come test your outdoor skills to see if you can truly conquer the outdoors. Join our long time Girl Scouts to learn more about all the skills needed to survive outdoors like knot tying, orienteering, shelter building and more! At the end of the week, test your skills in a friendly competition with your fellow campers. Through this alternative camping experience girls will also experience the traditions of camp, make new camp friendships through a variety of virtual programs, do fun activities in their own backyard, and participate in our weekly Inside Outside Campout. Each girl will complete several components of badge work, getting them closer to completing their badge goal.

Younger Girls (D/B/J)

	Monday	Tuesday	Wednesday	Thursday	Friday
