

Beyond Camp: Theater in the Woods August 3-7

Channel your inner actor/actress and join the GSSNE Theater. Campers will spend the week writing their very own plays, filming their own videos, and participate in a variety of improve activities. We will also have some fun dressing up as some of our favorite characters throughout the week. Through this alternative camping experience girls will also experience the traditions of camp, make new camp friendships through a variety of virtual programs, do fun activities in their own backyard, and participate in our weekly Inside Outside Campout. Each girl will complete several components of badge work, getting them closer to completing their badge goal.
